This officer's work in the Central Ind trial Workshop as well as in the Well-Boring Branch of the Department has been very satis- factory. He possesses high technical quali fications and it is under contemplation to transfer him to the College of Engineering as an Assistant Professor of Mechanical Engineer ing. He was started on Rs 225 in the grade of Rs 150-15-300 and his probation which was at first fixed for one year, was thereafter exte ed by six months. As observed by the Financ Secretary, it is not usual to count the perio of probation for earning increments. He assu ed charge on the 8th September 1925 and the period of probation of 18 months terminated o the 7th March 1927. From 8th March 1927 he may be confirmed and in view of his qualifica tions and good work, he may be started on Rs 255/- per mensem, i.e., with two increments of Rs 15/- each added to the initial pay of Rs 225 on which he was started.

A

I am not sure if there is need for em- ploying him on well-boring work, now that we ha engaged Mr. Bellefontaine. The Director may b addressed on this subject. If, however, he is to be employed on that work, he may be allowed the Duty Allowance of Rs 75 per mensem in addi- tion to his pay as Assistant Superintendent of the Workshop and allowed Travelling Allowance under the ordinary rules

Well Boring Engineer.

4) The Dir of PWC recommends that the Rupchandani might be confirmed with effect from 8th Sept 1926 (the date on which he would have been confirmed had it not been for the Ind. Engr's unfavourable observations). In conformity with Govt's decision to consider the question of granting the Rupchandani increased pay at the end of his probation, the Dir PWC recommends that he might be given the following increments:

Rs 240 from 8th Sept 1926
Rs 255 from 8th Sept 1927
Rs 270 from 8th Sept 1928

along with the D.A. allowance and Fuel & Light as Well Boring Engineer.

5 This would mean that the order extending the probation by six months is cancelled. I think the officer deserves this kindness - but this is a point for orders.

4665
12 DEC. 28
DEVELOPMENT BRANCH.

OFFICE OF THE DIRECTOR,

Dated, Bangalore, 8th December *192* 8

10 DEC. 1928

FROM

C. RANGANATHA RAO SAHIB, ESQ., B.A., B.L.,
Director of Industries and Commerce in Mysore,
Bangalore (India.)

To

N. Rama Rao, Esq., B.A., B.L.,
Secretary to the Government of Mysore,
Development Departments, Bangalore.

Dyc 223-28-1

SIR,

Subject: Mr. A. V. Raghavachar, Assistant Superintendent, Central Industrial Workshop - His Confirmation - Arrears of incre-ments.

With reference to the correspondence ending with your letter No. D. 7578 dated the 21st January 1928, regarding the confirmation of Mr. A. V. Raghavachar, I have the honor to state that he was appointed as Assistant Superintendent, Central Industrial Workshop on a pay of Rs 225/- in the grade of Rs 150-15-300, as per G. O. No. I.C. 1446-7/I & C 26-25-4 dated the 29th August 1925, on probation for one year. Mr. Raghavachar joined duty on the 8th September 1925. The probationery period of this officer was extended by six months from the 7th September 1926 in G. O. No. D. 4952-3/I & C 206-26-2 dated the 29th December 1926. Government directed that the appoint-ment of Assistant Superintendent be treated as a Gazetted one in their order No. I. C. 3121-22/I & C 26-25-13 dated the 7th November 1925.

On a representation from Mr. A. V. Raghavachar for enhanced pay, Government directed that the question of granting Mr. Raghavachar increased pay would be considered at the end of his probation if his work during the perioa be found satisfactory. (Vide letter No. I & C 5153 dated the 27th January 1926 from the Chief Secretary to Government).

I enclose a copy of the representation dated the 17th Novr. 28

submitted by Mr. A. V. Raghavachar requesting that he may be confirm-ed and the arrears of increments due to him may also be sanctioned, along with a copy of the endorsement of the Industrial Engineer supporting the request of Mr. Raghavachar.

I beg to submit, that Mr. Raghavachar has turned out good work in the Central Industrial Workshop. Since I took charge of this Department, I have closely watched the work of this officer and I can confidently say, that he has been very painstaking, conscientious and a capable officer and has been thorough in the execution of works entrusted to him. Since his deputation to the Well-Boring Section on the 1st October 1927, he has turned out splendid work as Well-Boring Engineer, even though he was new to the line of work and had to work under considerable handicap in out of the way places with limited resources and facilities. In my opinion, Mr. Raghavachar deserves the fullest support from Government and I recommend that he may be confirmed with effect from 8th September 1926 and granted the increments that would accrue to him as a result of his confirmation from 8th September 1926,

Rs 240/- from 8th September 1926
Rs 255/- from 8th September 1927
Rs 270/- from 8th September 1928

as Assistant Superintendent along with the Duty allowance of Rs 75/- and the fixed Travelling allowance of Rs 75/- sanctioned in the marginally noted Government orders for the period he continues in the Well Boring Section.

I request you to kindly obtain early orders of Government confirming Mr. Raghavachar from 8th September 1926 and sanctioning the back pay with duty and Fixed Travelling allowances as indicated above.

I have the honor to be,
Sir,
Your most obedient servant,
Director.

USC)

(1) G.O. No 11667-8/91E 121-27-5 dated 2.5.28
(2) G.O. No 9.42203-5/91E 317-27-1 dated 10.10.1928

Copy of representation dated the 17th November 1928 from Mr. A.V. Raghavachar, Assistant Engineer, to the Director of Industries and Commerce in Mysore through the Industrial Engineer, Well Boring Section, Bangalore.

I beg to submit the following representation with the hope that you will kindly transmit the same to Government with your strong recommendation for sanction.

I am an M.Sc., (Tech) in mechanical Engineering of the University of Manchester, which degree I obtained after submission of a thesis. Previously I had taken the Ist rank in the same University in the B.Sc. (Tech) examination being placed in the Honours division. I may be permitted to mention that throughout my scholastic career I held the first rank in all the examinations.

After about 9 months' practical training in the works of Messrs. Marshall Sons & Co., Ltd., Gainshorough, I returned to India in the year 1925 when I was appointed as Assistant Superintendent (on probation for one year) of the Central Industrial Workshop on Rs.225/- in the grade(15-15-300). I worked in this capacity until I was taken to the Well-boring Section in October 1927.

While I was in the workshop I have completed more than 2000 works large and small among which may be mentioned the following:- W.I. crestings, domes and gates for the City New market, trusses for Vokkaligara Sangha Hostel, power attachment for small sugar cane mill, repairing of gun carriages, C.I. railings for circle, C.I. specials for Water Supply division, tursses and transmission materials for the Mysore Match factory, filter presses etc.

After I was put in charge of the Calyx Core Drill I worked with the machine in Bangalore, Chitaldroog and Turuvanur putting in all five bore-holes (a total depth of 500 feet mostly in hard granite in a period of about 10 months). At Chitaldroog

P.T.O

our bore-holes were greatly helpful in alleviating the very keen distress then being felt by the townspeople on account of scarcity of drinking water.

Sir, it is now three years since I have been in service and I am now getting the same pay viz: Rs.225/- as when I started and I have not yet been confirmed in service although my probationery period of one year has ended long ago. This has been a very great hardship to me and I beg that you will be pleased to confirm me (as Assistant Superintendent) terminating the probationary period and grant me the three increment (in the grade) which I have already earned.

---

ksv.

Copy of endorsement of the Industrial Engineer, dated 1st December 1928 on the above representation.

Mr. A.V. Raghavachar has discharged his duties in the Central Industrial Workshop satisfactorily. He has done satisfactory work in rock drilling with the Calyx drill in Chitaldroog District. His application for confirmation as the Assistant Superintendent of Central Industrial Workshop may kindly be considered favourably and he be recommended to the Government for confirmation in the appointment of the Assistant Superintendent of the Central Industrial Workshop. His prayer for additional increments may also be favourably considered.

Sir,

With reference to your letter No. B.1874/27-29 dated 8/10-12-28, recommending the confirmation of Mr. A.V. Raghavachar, as Asst. Supdt. C.S.W. and the grant to him of ~~D.A~~ The Daily allowance Rs 75/- and Consolidated allowance of Rs 75/- in addition to his pay, I am directed to request you to be so good as to intimate whether there is any need to employ Mr Raghavachar on Well Boring Work, now that Mr Bellefontaine has been appointed.

DEPARTMENT OF INDUSTRIES AND COMMERCE.

GEN. ENGINEERING FACILITIES
2 APR. 1929
DEVELOPMENT BRANCH.

OFFICE OF THE DIRECTOR,

Dated, Bangalore, 29th March 1929.

Repor 8319 2 4 29

FROM

C. RANGANATHA RAO SAHIB, ESQ., B.A., B.L.,
Director of Industries and Commerce in Mysore,
Bangalore (India.)

To

D.O. 223-28-4

N. Rama Rao, Esq., B.A., B.L.,
Secretary to the Government of Mysore,
Development Departments, Bangalore.

SIR,

With reference to your letter No. D. 9841/I & C 223-28-3 of the 25th March 1929 requesting me to intimate whether is any need to employ Mr. A. V. Raghavachar on Well Boring Work now that Mr. Bellefontaine has been appointed as Well Boring Engineer, I have the honor to state that it is not desirable to disassociate Mr. Raghavachar from well-boring operations entirely. The staff of the Well Boring Section are not yet quite efficient and it is necessary that the experience gained by Mr. Raghavachar in well boring work should be utilised to train the staff of the well boring section. It has therefore been necessary to depute Mr. Raghavachar now and again from Bangalore to supervise well boring work in the mofussil in addition to his duties as Assistant Superintendent of the Central Industrial Workshop. At present Mr. Raghavachar has been requested to supervise the work at Yelahanka and it may also be desirable -- that he should be deputed to Tiptur. It will only be necessary to send Mr. Raghavachar outside Bangalore when Mr. Bellefontaine is himself engaged on other work and his services are not immediately available. As Assistant Superintendent of the Central Industrial Workshops, Mr. Raghavachar will have to pay particular attention to the construction of the two calyx drills.

As it is contemplated to manufacture 8 or 10 drills next year it is desirable to retain Mr. Raghavachar inthe Central Industrial

Workshop for another six months i.e., upto the end of December 1929. I therefore beg to recommend that a Duty allowance of Rs 50/- may -- kindly be sanctioned to Mr. Raghavachar for supervising Well-Boring operations whenever his services should be required outside Bangalore and also for being in special charge of Drill construction work in the Central Industrial Workshop.

The deputation of Mr. Raghavachar, whenever necessary, for supervising well boring work will not affect in any way the responsibilities of Mr. Bellefontaine, as Well Boring Engineer in charge of all well Boring operations. Mr. Bellefontaine will have complete control of all well-boring staff and as I have said already the technical assistance of Mr. Raghavachar will only be required whenever Mr. Bellefontaine's services are not available and Mr. Bellefontaine is himself engaged elsewhere. The services of these two officers are required because our well-boring staff is not trained and it is necessary for an Engineer of a high grade to pay personal attention to the work of the drills continuously for several days at a time.

I have the honor to be,
Sir,
Your most obedient servant,
C Ranganatha Rao Sahib
Director.
